

PORTFOLIO CHECKS AND FPO

LOGISTICS

- Spring formal
- Final Project info/logistics
- Portfolio checking activity
- Project checkins and work time

SPRING FORMAL

FINAL PROJECT

- FP1 is up
- Due next Tuesday before class
- Demos in class next Thursday
- **Important:** Separate git repos for prototype/final version
- Template project

PORTFOLIOS

- **Many** links are broken, to subpages, images, css,
- Or navigation links don't exist -> can't see your work!
 - **Remember:** all content should be accessible from home page!
- Most sites do not render correctly on mobile
- These things must be fixed for your final submission!

CHECK YOUR PORTFOLIO!

- Full instructions in the in-class activity
- Pair up with someone and check each other's sites:
 - Content
 - Navigation
 - Browser/mobile compatibility
 - Responsive CSS
- Take notes on what you find and share back with your partner

CHECK-INS/WORK TIME

- Add your project idea and portfolio link to [this spreadsheet](#)
- Write your name on the board
- I'll call you up to check in
- Otherwise, do the portfolio checks and work on polishing your site
